AIBS production services

AIBS provides a full range of prepress services for print publishing and electronic media. Precise, correctly formatted charts, graphs, and figures make YOU look good. Fee-based services include

- Conversion, keying, or OCR (data processing)
- Page layout and composition (pagination in Word, QuarkExpress, PageMaker, and so on)
- Image handling (scanning artwork, color correction, press-ready proofs, and so on)
- Electronic conversion (PDF, SGML, XML, HTML, Adobe Reader)

AIBS production services: a time saver
